THE CHARLEROI MAIL

VOLUME XXI—NO. 141. CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, THURSDAY, NOV. 18, 1920 TWO CENTS

ANTICIPATES A MEMBERSHIP OF 4,000 FOR THE RED CROSS

Outlook Very Encouraging for the Success of the Local Campaign

ALL SOLICITORS ARE AT WORK

Chairman J. D. Berryman of the Red Cross Roll Call, expects that at least four thousand of Charleroi's citizens will enlist under the banner of the American Red Cross during the campaign now on. The insistent demand for supplies from many quarters as well as the encouraging returns received up until noon today convince him in the belief that these figures will be attained.

Conditions were very discouraging on Wednesday, with its wet and slush and snow and for a time it was considered not safe to call off the canvass, but the bright skies of this morning has completely changed the feeling. The change in temperature as well as bright skies makes it ideal weather for canvassers to cover the territory allotted to them and from returns already received by Mr. Berryman all of those ladies selected for the work have responded to the call of duty, except in cases where they were detained on account of sickness.

It was found early in the week that the amount of supplies would not be sufficient to meet the local needs, and a telegram was sent to Philadelphia to ship additional material at once. A quick response was made to this telegram, but even with this addition it was necessary to call on Pittsburgh to help out, which they did, and even after all these additional requirements had been looked after, it was found necessary to despatch a special messenger to Pittsburgh to secure more flags and buttons, which were brought back to Charleroi last evening. In addition a new supply of receipts were provided in local printing offices, which made the equipment complete for the local work in hand.

This afternoon the canvassers are making a round of the homes in the borough, while the factories are being looked after by their officials. It is the hope and expectation of Chairman Berryman that the work be completed today, although if there is any district not looked after by this evening, it will be cared for later and a canvass made. All reports received up until noon indicates that the campaign is progressing nicely.

CARNEGIE HOMESTEAD MILLS WORKING FULL

All mills of the Homestead steel works and the Duquesne steel plant are operating at full capacity, the weekly records of the plants given out on Wednesday show. Both works are reported to have orders on hand that will take months to fill.

Sample's have purchased Marvin P. Redd's place. Your patronage will be appreciated. 101 Fallowfield avenue. 141-t1-*

FIRST AUTO TAGS FOR 1921 ARE SENT OUT

Almost 15,000 applications for 1921 automobile licenses were stacked up at the state automobile division of the Highway Department on Monday, when the shipping force began sending out the tags. It is expected under the system just installed by Register Ben C. Eynon, to handle the applications as fast as received and, if the hopes are realized, there will be no extension of time after January 1st

COAL MARKET IS SLIGHTLY UNSETTLED

Market conditions in the coal industry, according to the Uniontown Herald of Wednesday continue unsettled, with quotations so far this week ranging from $4.50 to $5.25 per ton. The feature for the week so far has been heavy shipments to the lakes, some rather heavy buying being reported following announcement that lake navigation closes on November 24. Most of the operators in the region will make their final shipments to the lakes this week so as to guard against arrival there too late for lake reloading. Shipments now are going to Lorain and Ashtabula Harbor.

Reports of a coal shortage are more or less scouted in the local region. Indications were on Tuesday that eastern buyers were delaying purchases until after the close of the lake season, figuring that with lake shipments cut off the production would be diverted eastward and lower prices possible. Eastern and tidewater shipments for the past few days have been below normal Just what effect the closing of the lakes will have on the market is problematical.

Car placements in the region are reported entirely equal and in some instances in excess of demand.

There was a report circulated in Uniontown on Tuesday that the Lake Erie and Pennsylvania systems had made some contracts with operators in the Monongahela valley region, covering 1921 coal at $3.25 and $3.50 a ton.

NEW FREIGHT AGENT FOR MONONGAHELA DIVISION

Effective November 15. Robert K. Neilson, of Philadelphia, for 15 years in the service of the Pennsylvania Railroad company in Pittsburg and Philadelphia, becomes division freight agent of the Monongahela Division of the Pennsylvania Railroad company, with offices at Uniontown, succeeding J. W. Wood, who is transferred to New York to become chairman of the coal and coke executive committee of the company.

The ladies of St. Jeromes church are having a party in the Lyceum this evening. Various games will be played and a nice lunch will beserved. Everybody welcome. 151t1*

Restaurant Gives Day's Receipts to the Red Cross

Showing that their hearts were in the right place, the proprietors of the Casino restaurant, Nick Pappas and James Hillas, McKean avenue, on Wednesday informed Chairman John D. Berryman, chairman of the Red Cross Roll Call, that they would donate all of their receipts for Thursday, (today) between the hours of 7 a. m. and 7 p. m. to the Red Cross work. They also asked that the local committee place a cashier on the job between the hours specified, and that the entire amount taken in during the 12-hour period specified would be turned over to the local committee.

This is certainly a very generous offfer, and was gratefully accepted by Chairman Berryman, who thanked theproprietors of the restaurant for their very liberal contribution.

FOOD COLLECTION FOR BARNABAS HOME

A collection of food and clothing will be made in Charleroi on Friday Nov. 19th for the benefit of St. Barnabas Free Home, Gibsonia, Pa. The food will be gathered in at the residence of Rev. G. D. Griffiths, 337 Fallowfield avenue, where the St. Barnabas truck will call for it on Saturday. St. Barnabas is an absolutely free home for incurable men and boys. It maintains at the present time 80 men and boys who look to this Thanksgiving food collection for their winter's food. The collection is made under the auspices of St. Mary's Episcopal church.

TRABITION POINTS TO A COLD WINTER

If St. Martin is as good a weather prognosticator as St. Swithin we may prepare for a very cold winter. Thursday, November 11, was St. Martin's Day. If mild weather prevails, severe weather may be expected; if low temperature and storms prevail, a mild winter may be expected according to the ancient chronicle.

St. Martin, according to tradition one cold stormy November 11th, many years ago, gave his coat to a shivering beggar and the kindly saint never needed it again. The opposite supposition is, that if the day had been mild and the beggar had not been shivering the good saint would have kept his coat and had plenty of need for it. The weather on the 11th was comparatively mild for this time of year

Thanksgiving services will be held next Thursday morning, November 25th, at 10 o'clock, in the Washington Avenue Presbyterian church. Two 15-minute addresses will be delivered by Rev. Woodrow of the First Baptist church, and Rev. Lake of the First Christian church. The local Charity Board will have an offering.

The basketball season was opened in Charleroi last night at the Hilltop A. C., the young men defeating the old men by a score of 28 to 14.

MAKE BIG HAUL AT GRAY'S LANDING

The hold robbers sometime Monday night forced entry to the post office at Gray's Landing, getting away with a money order valued at $12.50 and considerable merchandise housed in the basement of the Sewickley Supply company building adjoining the postoffice.

Bloodhounds from Fairmont, W. Va., were rushed to the scene of the robbery on Tuesday and officers were certain that some valuable clues would be developed.

Officials of the Sewickley Supply company stated that large quantities of merchandise were missing. It is believed probable that $2,000 in plunder was secured.

Entrance was gained by forcing a basement window near the postoffice door. The robbers attempted no safe blowing, but made a systematic search of every letter, parcel and package which had not been locked in the safe. A money order, removed from a sealed envelope, calling for $12.50, entailed the only loss to the office, the authorities claimed.

Adjoining the office and the store is a runway. It was through this passage that entry was had to the store. Shoes, clothing, shirts, ties, collars and footwear are missing. A checkered cap is the lone clue upon which the officers are working.

The Sewing Circle of the Washington Avenue Church will hold their Annual Bazaar December 3rd and 4th.

CANT SAVE LICENSE BY DEFERRED PAYMENTS

Auditor General Charles A. Snyder has been informed in an opinion from the Attorney General's department that "no retail licensed dealer, who has failed to make the monthly payments in advance, can retain his license by now making the omitted payments." This opinion settles some applications from liquor dealers who had let the periods of payments go by and who now seek to pay arrears and have licenses reinstated.

MISFITS SCALPED BY TRIBE WAHOO

Big Chief Jordan, assisted by Big Bill Phillips "Tinkie" Piersol and the rest of the Wahoo tribe, rattled the Misfits with their blood-curdling yells to such an extent that they won three straight games from Capt. Brown's rollers at the Elks' bowling alleys last night. Chief Jordan had high score of 175 in the second game, while Lew Phillips, Zwick and Worthington did the est work for the Misfits. At this stage of the race the three victories will mean a lot to the Wahoos in the standing of the teams, as the season is rapidly drawing to a close. Tonight the Lunks hook up with the Packers. Game at 8:30. Score:

WAHOOS—			
Piersol	125	96	120—341
W. Phillips	118	119	130—367

NO WOMEN FOR JURY DUTY THE COMING YEAR

Jury Commissioners J. Warren Vankirk and James McLoney will shortly begin the task of filling the jury wheel for next year. According to law the wheel is filled under the supervision of the court in December of each year.

While the jury commissioners have made no official announcement on the subject the general impression prevails in court house circles that only the names of men will be placed in the wheel this year. The panels for all juries to be drawn next year will be taken from the names placed in the jury wheel this year.

Urged by Leaders to Take Greater Part in Local Government

SOME ALREADY ANNOUNCED

According to reports which now prevail throughout Charleroi a number of women will aspire to borough offices at the municipal elections to be held in the fall of 1921. Already some are avowed candidates for important positions, with rumors connecting the names of others for responsible local offices Primaries next year will be held in September, and it may be assumed that the coming summer and early fall will see some very enthusiastic electioneering on the part of those seeking public favor.

At the first annual meeting of the Pennsylvania League of Women, which began its sessions in Pittsburg on Wednesday, the election of a majority of women to school boards the placing of at least two on election boards and a general cleaning up of the petty offices throughout the state was urged by speakers.

Mrs. John D. Davenport of Wilkes-Barre, who is chairman of the committee on election laws and methods, complained that in Philadelphia it was being planned to place but one woman on election boards. She declared that women must be more than mere cogs in the election machinery, which she said is corrupt in many places. She very cleverly reminded her hearers that some members of election boards had already gone away for the summer and others for the winter. She drew applause in reminding them the women of the state and nation started in political life with a clean slate, and without any political debts to pay.

One speaker suggested that three-fourths of the members of the school boards should be women, and that school houses should become community centers for everything that is good, and parents should support the teachers and principals and not be mere critics of the system for training the young.

The coming year will show a larger number of women eligible to vote, because of their assessment and registration, as many failed to qualify last summer, as the time was very short and many of them were indifferent. It will be different in 1921, when women will be a greater factor than ever.

THE ART OF CANDY-MAKING

Emerson says: "When a man does a thing well beyond compare though it be but the making of mousetraps the world will make a pathway to his door."

We don't know much about mousetraps, never had any experience with them—but our experience in the Candy business LEAD us to believe that Emerson knew what he was talking about.

SALOONS ARE DOOMED.

The women voters at the last election placed the seal of doom on the "light wine and beer" plank which the liquor trade has been trying to write into the working platform of the next Congress. Wherever the issue was raised in any serious way, the women voted "dry" and the prohibition issue was felt in many quarters where it did not actually defeat candidates for office.

"Prohibition, like all other great reforms, is moving slowly," says John F. Kramer, Federal Prohibiton Commissioner, "but it is moving in the right direction and five years hence all trace of the saloon, save possibly a swinging door, will be effaced."

Returns from Scotland, which was supposed to be as wet as any section of the globe, are not conducive to hope on the part of those who have been trying to make us believe that temperance agitation has no following outside the United States.

THE PANAMA CANAL.

The Panama canal was built with American money by American men, and is maintained by American taxation. It is the property solely of America, and was always considered so until Woodrow Wilson determined that our control over the rates should be surrendered, in part, to England.

As a result of his recommendation our coastwise ships are forced to pay the same rate of toll as the vessels of any other nation. Possibly one of the first acts of the new Congress will be to restore the exemption privilege that was assured to our coastwise fleet previous to the Wilson regime. President-elect Harding is right in determining to get first-hand information on the subject.

The small part of the world that is interested in architectural monuments will deplore the modern progress in Spain that goes the length of breaking up the ancient falls of the Ilhambra and using the materials in road building.

At the time of the Democratic national convention it was said that Cox was acceptable to Tammany and McAdoo was not, but the figures for Greater New York would seem to imply that Tammany's real choice was Harding.

The recent heavy drop in the price of coal may yet allow the domestic consumer to get his winter's fuel at a reasonable rate.

LOCAL YOUTH HELD BY JUVENILE COURT

Louis Batkowski, aged 15, who lives on eighth street, was before juvenile court officers last evening on a charge of stealing $105.00 from the pockets of his stepmother's brother. The boy told several conflicting tales about the money and as he had been in some trouble before tiwas decided to send him to Washington.

FUNERAL HOUR OF VINCENT GUILER

Private funeral services for Vincent Guiler will be held at 9 o'clock, Friday morning, from the home of his parents, 419 Fallowfield avenue interment in Calvary cemetery.

STATE POLICE PROBE FIRES AT MARION

Members of the Pennsylvania State Police made a personal investigation of the recent fires in the Marion district, back of Fayette City, and following the examination of several parties, admitted that the authorities were as "much in the dark as ever." Several clues in connection with the destruction of the dancing pavilion were unearthed but failed to develop anything of definite nature, when suspected parties were subjected to a severe examination. State policee discouraged the idea of securing bloodhounds, saying it was too late to be conducive of any results

TRADE COAL LANDS IN WEST BETHLEHEM

By a deed recorded in Washington on Tuesday the Ellsworth Collieries company conveys to the Ontrio Gas Coal company, both companies operating in this county, three tracts of the Pittsburg or river vein of cola. The properties sold are the James McLoney, George W. Amos and the Thomas H. Dague tract in West Bethlehem township, containing 38.563 acres, 2,926 acres and 28,568 acres respectively. The consideration is given as the nominal sum of $1, but revenue stamps on the deed indicate the consideration is near $61.000.

A deed was also filed by which the Ontario Gas Coal company conveys to the Ellsworth Colleries company three tracts of the Pittsburg vein of coal, as follows: part of the John D. Amos tract, containing 39.808 acres; part of the T. M. Ross tract, containing 19.545 acres and part of the Michael Mancha tract containing 21.63 acres. This coal is in West Bethlehem township, and the consideration is $61,000.

The above conveyances is evidently an exchange of coal tracts between the two companies. There is filed in connection with the above agreement establishing an "exchange line" btween thetracts involved.

WIN-MY-CHUM SERVICES BEING HELD THIS WEEK

An encouraging assembly was present Wednesday evening at the first of the Win-My-Chum services being held by the Epworth League of led the song service. Joseph Pearson led thesong service, followed by an inspiring talk by the pastor, Rev E. H. Greenlee. Tonight the song service will be conducted by Mr. Light, who was in charge of the music at Mountain Lake Park Institute. Rev. John Martin will preach. Friday evening Rev. R. P. Graham of Bentleyville will deliver the address. Services are held at 7:45 and a welcome is given to all.

Free Proof You Can Gain Strength in 10 Days!

An Amazing Offer to All Run-down, Weak and Anaemic Men and Women Made Possible Through New Gland Discoveries

If you are thin, pale and anaemic—if you feel all dragged out and are tired, nervous and listless—if you lack strength and endurance and are run-down generally—here is your opportunity to gain a new grip on rugged health without risking a penny.

Go to your druggist's today. Obtain from him a bottle of the new Glandex Compound. Try it, following directions, for ten days. Then note the results.

If you do not feel a decided improvement in your general condition—if your mirror does not reflect a marked improvement in your appearance—simply return the bottle to your druggist. He will cheerfully refund your money at once.

How can we make such a sweeping offer? How can we afford to make such an unusual money-back guarantee?

It is because of our confidence in a remarkable new discovery—a discovery which attacks run-down conditions in a new way, frequently with astonishing results

Success of Animal Glands

Everybody has read about animal glands and how they have been transferred to human beings with apparently amazing results. Newspapers all over the country have heralded the success of these famous operations, telling of the wonders that were accomplished.

In explaining the reasons for this success, scientists tell us that our glands govern the building up of the billions of life cells in our bodies. According to these scientists we are no healthier than our glands.

When our glands become rundown as they frequently do through overwork, worry and countless other causes, our bodies become weak, we lose weight and appetite, we become irritible, nervous and inefficient, and generally lose interest in everything.

But when our glands are healthy and function normally, our muscles become powerful, our brains keener, our nerves calm, we can do more and better work with less effort and life becomes worth while.

New Method Available To All

These operations, however, were within the reach of but comparitively few, due among other causes to their prohibitive cost.

But now, thanks to a new discovery, gland extracts are available to all. Under the name of Glandex Compound, which is sold at all druggists, you may now obtain gland extracts which have been taken from the glands of healthy sheep and cattle.

In addition these extracts are combined with iron, which as we all know, is perhaps the best known blood builder.

Thousands of men and women in all walks of life are now using these helpful gland tablets, and splendid results are reported. Increased weight, glowing cheeks, mental and physical alertness, and added endurance, strength and health are but a few of the benefits which have been derived when the glands were strengthened and the blood built up.

Glandex Builds Strength in 10 Days —Or Costs Nothing.

So confident are we that Glandex Compound will bring added strength and health in nearly every case, that we are now inviting you to use it 10 days without the slightest money risk on your part.

Simply go to your druggist. He will supply you with Glandex Compound. Use it for ten days. Then note the results.

If you do not feel that your health trength and endurance have been increased—if you do not feel better in every way—go to your druggist and he will refund your money without question.

Remember, you risk nothing. Try Glandex for 10 days If it doesn't make good in this time or sooner, get your money back. But act at once for druggists tell us that due to the great demand for Glandex Compound they are unable to keep it always in stock.

THE GLANDEX COMPANY, Inc., 244 West 29th St., New York City.

For sale by Pipers Pharmacy and by good druggists everywhere.

CONCRETE MIXER LAUNCHED AT YARD

What will be, when completed, one of the largest and most modern floating concrete mixers was launched at the Government boat yards, North Charleroi, one day last week. The boat is 100 feet long and 40 feet wide and will be fitted with the most modern machinery for mixing concrete. Both steam and electric machinery will be installed, and all appliances will be of the latest design.

The boat was built during the past summer and fall, at the local boat yards, which by the way is proving quite a local industry. The cabin and upper works are being installed at present by carpenters and boatbuilders at the local plant.

This new boat, together with a 150-ton all-steel derrick boat now being built for the Government by the Dravo Contracting company of Pittsburg, will add very materially to the river equipment for the Engineer department and which will be of such advantagg in pushing improvements, and particularly on the Monongahela river.

ISSUES CHALLENGE TO LOGAN JRS. AND CANOE CLUB

Having been informed that the Logan Jr. of North Charleroi, and the Charleroi Canoe Club are to arrange a game for the amateur football titles of Charleroi and vicinity, the old Shamrock team, holders of that title, which they won in 1917, hereby challenges both teams for a game to decide this championship. The managers, Coach O'Brien of the Logans and Hancock of the Canoe Club are requested to get in touch with John Mangan, manager of the Shamrock A. C. The following Shamrock players are requested to see Manager Mangan as to practice: Martucci, Oates, Humpries, Arnold, Fillingham, McCann, Wagner, Arrigo, Behrendt DeMarco and all others wishing a tryout.

At the Elks' weekly dance to be held this evening, music will be furnished by "The Orchestra" of Pittsburg, with "Red" Carney, formerly of the Duquesne theatre, at the piano.

That Guilty Feeling

that you experience after meals is quickly relieved by Dill's Digesters. Dill's Digesters are the boon companion of persons who suffer from indigestion, heartburn, biliousness, sour stomach. You will be able to do justice to any menu. Carry the handy vest-pocket bottle with you at all times. At all drug stores.

TRY IT SOMETIME!

Ask someone who owns a Checking Account what good it does him.

Then watch him overwhelm you with reasons why he wouldn't be without it.

See if he doesn't grow enthusiastic telling you how it keeps his money matters ship-shape; how convenient a system it is; how it strengthens his credit, and gives him prestige.

If you are yourself the prudent user of a Checking Account, you'll heartily agree with him. If you are not yet enjoying our Checking facilities, we cordially invite you to do so soon.

REVENUES OF STATE SET A NEW RECORD

Pennsylvania revenue has passed the aggregate of the income for the whole of the fiscal year ending November 30 last, which made a record and it is expected several millions of dollars will be added by the close of the present fiscal year. The receipts thus far have gone over $52,000,000 from all sources except proceeds of the road bond issue, which added almost $12,000,000 more to the grand total.

Ordinarily the last two years of the official year are marked by large payments of taxes. Some of the big railroads and other corporations generally make their settlements at that time. It is also the time for making large payments for state licenses of various kinds. Revenue from hunters is expected to break records this fall, and money is already coming in for automobile licenses for 1921.

INQUESTS WILL BE HELD ON SATURDAY

Coroner Greenlee will hold inquests at the Crowley undertaking rooms on Saturday afternoon at 2 o'clock to inquire into the deaths of Michael Dooley, who died from injuries received in the Dawson mine and of Thomas Nichols, of Speers, who was fatally injured in the Fox mines at that place.

A true bill was returned by the Federal grand jury at Pittsburg on Tuesday against Fred Anderson, A. J Hyatt, Henry D. Lyons and William Crockett, charged with robbing a distillery warehouse at Vestaburg, this county.

The Senior A class of the High school has issued invitations for a Thanksgiving dance, to be held in the High School gymnasium, Wednesday evening, November 24
